Super Tractor 15W-40 (For units with common THF reservoirs)

The product recommendations provide general guidelines for use in tractors. All tractors manufacturers have different coolant and lubricant requirements and recommendations. It will be important to contact a Chevron representative or refer to the Original Equipment Manufacturer manual to confirm the proper product is used for the application. To contact your local Chevron Lubricant Distributor for confirmation of specific equipment OEM specifications, phone 0800 372 374.
